

# Marco Pisanti

**Marco Pisanti**

## WORK EXPERIENCE

Marco has a very solid technical background as a mechanical engineer as well as an MBA. Prior to Absolute Energy, was the CEO of C&C Energy, one of the largest wind developers in Italy.

Marco started his career in ENEL where he worked for 10 years initially as power plant design engineer assessing technical and economical feasibility of power plants and lately as financial analyst in the Corporate Development Division (1993-1996) investigating diversification opportunities for ENEL. Furthermore, he has been the financial manager for SeA Elettroambiente S.p.A. an SPV dedicated to waste to energy projects and Bioelettrica S.p.A. a vehicle dedicated to biomass energy projects.

Following his experience at ENEL, Marco joined Wind in December 1997. He was head of Business Planning preparing, among other, the company business plan for the beauty contest of the 3rd mobile license; he was then appointed as Head of Finance and Investor Relations.

Marco spent the next 10 years in Intesa Sanpaolo as Head of Equity Research (from Dec 2000 to Dec 2007) and senior Investment Banker (from Dec 2006 to Feb 2010) in the M&A Advisory Group. From Feb 2010 to Dec 2011 Marco was CEO of C&C Energy a company mainly focused in Wind Farm Development with a pipeline of 900 MW in Italy and 100 MW in Romania.
